Therefore, it is hereby understood between the parties hereto that the Property is being purchased in its present condition, "As Is", and not as a result of any representations made by the Seller or any selling or other agent of the Seller. Accordingly, the Seller makes no representation or warranty to the Buyer, express or implied, that the Property is free from existing violations, orders, claims, citations penalty assessments, orders, investigations or proceedings under any housing, building, safety, health, environmental, fire or zoning ordinances, codes and regulations of the respective jurisdictions within which the Property is located or the certificate(s) of occupancy issued for the Property.

LEAD BASE PAINT DISCLOSURE; WAIVER OF RISK AND ASSESSMENT: Every Purchaser or any interest in residential real property on which a residential dwelling was built prior to 1978 is notified that such property may present exposure to lead from lead-based paint that may place young children at risk of developing lead poisoning. Lead poisoning in young children may produce permanent neurological damage, including learning disabilities, reduced intelligence quotient, behavioral problems, and impaired memory. Lead poisoning also poses a particular risk to

pregnant women. The Seller of any interest in residential real property is required to provide the Purchaser with any information on lead-based paint hazards from risk assessments or inspections in the seller's possession and notify the Purchaser of any known lead-based paint hazards. A risk assessment or inspection for possible lead-based paint hazards is recommended prior to purchase.

Seller has no knowledge concerning the existence or nonexistence of lead-based paint and/or lead-based paint hazards in or about the Premises. Purchaser agrees to take the property in an "AS IS" condition with regard to lead-based paint and/or lead-based paint hazards; and further Purchaser hereby releases, quit claims and forever discharges Seller, Seller's Agents, Subagents, Attorneys, or any one of them, and any other Person, Firm or Corporation, who may be liable through them, from any and all claims, losses or demands, including personal injuries, and all consequences thereof, where now known or not, which may arise from the presence of lead-based paint and/or lead-based paint hazards in any building on any property.

17. SEWER: The Premises is serviced by a **PUBLIC SEWER**.

19. ENVIRONMENTAL REQUIREMENTS: Seller has no knowledge that the Premises contains any hazardous or toxic substances, which would require remediation, but has made no independent investigation to that effect. Therefore, Seller makes no representation or warranty to Purchaser, express or implied, as to the condition of the Premises as to environmental matters. Seller has not conducted any investigations and has no actual knowledge of any environmental hazards, including by not limited to radon, asbestos, and urea formaldehyde insulation.

22. EXCLUSIONS FROM PREMISES: The following items are expressly excluded from the sale and will be removed from the Premises by Seller prior to settlement, the Premises to be restored to reasonable condition by Seller prior to settlement:

23. FIRE INSURANCE: Seller will continue in force the present insurance coverage upon the Premises until delivery of deed or possession to the Purchaser, whichever event shall first occur, and, in case of loss, will credit on account of the purchase price at settlement any insurance collected or collectible either by Seller or any mortgagee or other loss payee therefor. The Purchaser should inquire after the property is struck off concerning the amount of such insurance.
24. RADON DISCLOSURE: Radon is a radioactive gas produced naturally in the ground by normal decay of uranium and radium. Uranium and radium are widely distributed in trace amounts in the earth's crust. Descendants of Radon gas are called Radon daughters, or Radon Progeny. Several Radon daughters emit a alpha radiation, which has high energy but short range. Studies indicate the result of extended exposure to high levels of Radon gas/Radon daughters is an increased risk of lung cancer. Radon gas originates in soil and rocks. It diffuses, as does any gas, and flows along the path of least resistance to the surface of the ground, and then to the atmosphere. Being a gas, Radon can also move into any air space, such as basements, crawl spaces and permeate throughout the home. If a house has a Radon problem, it can usually be cured by increased ventilation and/or preventing Radon entry. The Environmental Protection Agency advises corrective action if the annual average exposure to Radon daughters exceeds 0.02 working levels. Further information can be secured from the Department of Environmental Resources Radon Project Office, 1100 Grosser Road, Gilbertsville, Pennsylvania, 19525; Call 1-800-23RADON or (215) 369-3590. Purchaser acknowledges that Purchaser has the right to have the buildings inspected to determine if Radon gas and/or daughters are present. Purchaser waives this right and agrees to accept the property AS IS, with no certification from Seller. Purchaser releases, quit-claims, and forever discharges Seller, their heirs and assigns, from any and all claims, losses, or demands, including personal injuries, and all of the consequences thereof, whether now known or not, which may arise from the presence of Radon in any building on the Premises. Seller has no knowledge concerning the presence or absence of Radon.
25. PURCHASERS' DEFAULT: In case of noncompliance by the Purchaser with any term of these conditions, the Seller shall have the option, in addition to all other remedies provided by law, to exercise any one or more of the following remedies:
- a. To retain the Purchaser's down money as liquidated damages, regardless of whether or not, or on what terms, the property is resold; and/or
 - b. To resell the Premises at public or private sale, with or without notice to the present Purchaser, and to retain any advance in price or hold the present Purchaser liable for any loss resulting from such resale, meanwhile holding the down money paid hereunder as security for or toward payment of such loss.

26. SELLER'S DEFAULT: If Seller is unable to give title as provided in Paragraph 5, Purchaser may elect either (a) to take such title as Seller can give, or (b) to require Seller to return to Purchaser all payments including any note(s) theretofore made to Seller on account of the purchase price, and to reimburse Purchaser for all costs of searching title, appraisals, inspections, and preparation of deed, mortgage and other settlement papers which Purchaser reasonably may have incurred, upon which return and payment all further obligation of this agreement on both Seller and Purchaser shall terminate.
27. SUMMARY OF CONDITIONS: The Purchaser acknowledges that these Conditions of Sale were available for inspection by the Purchaser prior to the commencement of bidding and sale of the Premises, that the Purchaser had an opportunity to review the full Conditions of Sale, and that the Purchaser understands the contents thereof and all terms and conditions under which the Premises is being sold, agreeing to be bound by the full terms and conditions as set forth therein. The Purchaser acknowledges that only a summary of the Conditions of Sale was read prior to commencement of bidding on the Premises, and that the Purchaser is not relying upon the public reading of the Conditions of Sale as a complete statement of the terms and conditions for sale of the Premises.
