5. **Settlement.** The balance of the purchase money shall be paid at settlement at a title company or law firm of the Purchaser's choice on or before Friday, May 29, 2026 (unless another time or place is agreed upon by the Seller and Purchaser).

Upon such payment the Seller shall convey to the Purchaser, by Deed prepared at the Purchaser's expense, good and marketable title to the Property, free of all encumbrances not noted in these Conditions, but subject to building and use restrictions, ordinances, easements of roads, rights of public service companies, and easements, rights or other non-monetary encumbrances either of record or visible upon inspection.

 - g. Possession. Possession shall be given to the Purchaser at settlement.
6. **Lead Warning Statement for Dwellings Built Before 1978.** Every Purchaser of any interest in residential real property on which a residential dwelling was built prior to 1978 is notified that such property may present exposure to lead from lead-based paint that may place young children at risk of developing lead poisoning. Lead poisoning in young children may produce permanent neurological damage, including learning disabilities, reduced intelligence quotient, behavioral problems, and impaired memory. Lead poisoning also poses a particular risk to pregnant women. The Seller of any interest in residential real property is required to provide the Purchaser with any information on lead-based paint hazards from risk assessments or inspections in the Seller's possession and notify the Purchaser of any known lead-based paint hazards. A risk assessment or inspection for possible lead-based paint hazards is recommended prior to purchase.
- a. Disclosure. This dwelling was built before 1978, and lead-based paint and lead-based paint hazards may be present in the housing. Seller has no reports pertaining to lead-based paint or lead-paint hazards.

7. **Seller's Property Disclosure Statement.** By signing the attached Purchaser's Agreement, the Purchaser acknowledges receipt of the Seller's Property Disclosure Statement that is required by law. However, Seller makes no warranty as to the condition of the Property, including without limitation any or all environmental matters. Purchaser acknowledges and agrees that the Property and all personal property and/or fixtures transferred hereunder shall be sold and conveyed "AS IS; WHERE IS" and with all faults, and Purchaser assumes the risk that adverse past, present, or future physical or operational characteristics and conditions may not have been revealed by its inspection or investigation.

8. **Agent Participation.** Seller bears no responsibility for any commissions or transaction fees owed to any realtors or brokers, except for the auction company's commission and costs advanced pursuant to the Real Estate Auction Contract. If the Purchaser engages a real estate agent in any capacity, the Purchaser shall be responsible for paying any and all fees or commissions charged by the agent, and Seller shall have no responsibility to compensate the agent, regardless of Seller's consent to agent participation.

9. **Default.**
 - a. If the Seller is unable to give title as required by these Conditions, the Purchaser's sole remedy shall be to: (1) take such title as Seller can give; or (2) require Seller to return all payments. Upon such return all further obligations of both Seller and Purchaser under these Conditions shall terminate.
 - b. The time for settlement is of the essence. If the Purchaser does not comply with these Conditions, the Seller, in addition to all remedies provided by law, may either: (1) retain Purchaser's down money as liquidated damages regardless of whether or on what terms the Property is resold; or (2) resell the Property at public or private sale, with or without notice to the present Purchaser or any sureties, and retain any advance in price, or hold the present Purchaser and any sureties liable for any loss resulting from such resale, meanwhile holding the down money as security for or toward payment of any such loss. In addition, Purchaser shall pay any and all attorney's fees and costs incurred by Seller arising from or relating to Purchaser's default.

10. **Entire Agreement.** These are all the conditions of this sale. The Conditions of Sale have been available for inspection before commencement of bidding. The Purchaser shall not rely on the public announcement of a summary of these Conditions as a complete statement of the terms and conditions of this sale. Any changes or additions to the Conditions of Sale shall be effective only if they are in a writing signed by the Seller.

11. **Parties.** The terms "Seller" and "Purchaser" include all who sign in those respective capacities.

12. **Binding Effect.** If more than one person signs as Purchaser, they shall have joint and several responsibility hereunder.

13. **Indemnification.** Purchaser, together with all other persons, parties, or entities affiliated with Purchaser, promises and agrees to defend, indemnify, release, discharge, and hold harmless Seller, and Seller's affiliates, associated entities or individuals, heirs, successors, assigns, contractors, subcontractors, agents, representatives, executors, trustees, and insurers of all of the foregoing against Purchaser's actions, omissions, misfeasance, malfeasance, or any transaction or occurrence stemming from the parties' duties and representations set forth in this Agreement, which results in, or forms the basis for, any suits, sums of money, liabilities, debts, damages, accounts, bonds, defects, warranties, covenants, contracts, agreements, controversies, obligations, costs, expenses, liens, judgments, claims, demands, actions, settlements, compromises, or causes of action whatsoever, at law or in equity, on any theory whatsoever, including, but not limited to, Purchaser's breach of this agreement, negligence, personal injury, property damage, patent infringement, or any other alleged violation of local, state, or federal law.

INFORMATION REGARDING THE REAL ESTATE SELLER DISCLOSURE LAW

Generally speaking, the Real Estate Seller Disclosure Law (68 P.S. §7301 et seq.) requires that before an agreement of sale is signed, the seller in a residential real estate transfer must make certain disclosures regarding the property to potential buyers in a form defined by the law. A residential real estate transfer is defined as a sale, exchange, installment sales contract, lease with an option to buy, grant or other transfer of an interest in real property where **NOT LESS THAN ONE AND NOT MORE THAN FOUR RESIDENTIAL DWELLING UNITS** are involved. The Law defines a number of exceptions where the disclosures do not have to be made:

1. Transfers that are the result of a court order.
2. Transfers to a mortgage lender that result from a buyer's default and subsequent foreclosure sales that result from default.
3. Transfers from a co-owner to one or more other co-owners.
4. Transfers made to a spouse or direct descendant.
5. Transfers between spouses that result from divorce, legal separation, or property settlement.
6. Transfers by a corporation, partnership or other association to its shareholders, partners or other equity owners as part of a plan of liquidation.
7. Transfer of a property to be demolished or converted to non-residential use.
8. Transfer of unimproved real property.
9. Transfers by a fiduciary during the administration of a decedent estate, guardianship, conservatorship or trust.
10. Transfers of new construction that has never been occupied when:
 - a. The buyer has received a one-year warranty covering the construction;
 - b. The building has been inspected for compliance with the applicable building code or, if none, a nationally recognized model building code; and
 - c. A certificate of occupancy or a certificate of code compliance has been issued for the dwelling.

In addition to these exceptions, disclosures for condominiums and cooperatives are limited to the seller's particular unit(s). Disclosures regarding common areas or facilities are not required, as those elements are already addressed in the laws that govern the resale of condominium and cooperative interests.

While the Law requires certain disclosures, this statement includes disclosures beyond the basic requirements of the Law in an effort to assist sellers in complying with seller disclosure requirements and to assist buyers in evaluating the property being considered. Sellers who wish to see or use the basic disclosure form can find the form on the Web site of the Pennsylvania State Real Estate Commission.

This Statement discloses Seller's knowledge of the condition of the property as of the date signed by Seller and is **not a substitute for any inspections or warranties** that Buyer may wish to obtain. This Statement is not a warranty of any kind by Seller or a warranty or representation by any listing real estate broker, any selling real estate broker, or their licensees. Buyer is encouraged to address concerns about the condition of the property that may not be included in this Statement. This Statement does not relieve Seller of the obligation to disclose a **material defect** that may not be addressed on this form.

A **material defect** is a problem with a residential real property or any portion of it that would have a significant adverse impact on the value of the property or that involves an unreasonable risk to people on the property. The fact that a structural element, system or subsystem is at or beyond the end of the normal useful life of such a structural element, system or subsystem is not by itself a material defect.

Check yes, no, unknown (unk) or not applicable (N/A) for each question. Be sure to check N/A when a question does not apply to the property. Check unknown when the question does apply to the property but you are not sure of the answer.

Note to Buyer: The PA Construction Code Act, 35 P.S. §7210 et seq. (effective 2004), and local codes establish standards for building and altering properties. Buyers should check with the municipality to determine if permits and/or approvals were necessary for disclosed work and if so, whether they were obtained. Where required permits were not obtained, the municipality might require the current owner to upgrade or remove changed made by the prior owners. Buyers can have the property inspected by an expert in codes compliance to determine if issues exist. Expanded title insurance policies may be available for Buyers to cover the risk of work done to the property by previous owners without a permit or approval.
